MEMORANDUM FOR: Colonel James W. Winterbottom, AFCIN-1B2

SUBJECT : Joint Procurement Meeting

1. Because of the critical lead time on some of the items discussed at the previous meeting, we are reconvening the Joint Procurement Committee on February 16 and 17. The material which was discussed has been reproduced and forwarded as per request. In the enclosures to this memorandum you will find the pertinent data from the hypothetical proposal which you will need to formulate your decision which will be expected at the meeting.

2. If any additional pertinent agenda items are desired by the participating groups, they must be in our hands by 8 February so that proper dissemination can be accomplished before the meeting. Please advise if these dates, 16 and 17 February, are reasonable at your earliest possible convenience so that proper adjustments can be made.

3. We will try to complete our agenda during the 16th, but plan on attending both days if this proves impossible.
